

# NGSS PROFESSIONAL DEVELOPMENT PROVIDER INSTITUTE

#### IN PARTNERSHIP WITH THE FRESNO COUNTY SUPERINTENDENT OF SCHOOLS

## **FRESNO, CA** SEPTEMBER 11-14, 2018 CLOVIS UNIFIED PROFESSIONAL DEVELOPMENT BUILDING, ROOM 2 1680 DAVID E. COOK WAY, CLOVIS, CA 93611

# Join BSCS Science Learning and the Fresno County Superintendent of Schools for a Professional Development (PD) Provider Institute from 8:30 a.m. Tuesday, Sept 11 through 12:30 p.m. Friday, Sept 14.

The Professional Development Provider Institutes are  $3\frac{1}{2}$  – day experiences designed to support you as a PD leader by deepening your knowledge, increasing your confidence, and enhancing your abilities to support the implementation of the Next Generation Science Standards. This Institute will focus on Science and Engineering Practices 4, 6, and 7: Analyzing and Interpreting Data, Constructing Explanations, and Engaging in Argument from Evidence.

## REGISTRATION \$1,000 PER PERSON INCLUDES CONTINENTAL BREAKFAST, LUNCH, & MATERIALS

### REGISTER ONLINE • http://tiny.cc/5psmty • DEADLINE AUG 20, 2018

#### PD PROVIDER INSTITUTES ARE DESIGNED TO INCREASE PARTICIPANTS' ABILITY TO

- Plan, lead, and evaluate workshops that help teachers use the science practices in their classrooms.
- Use a variety of "close-to-the-classroom" strategies to support teachers as they use the science practices in their classrooms.
- Adjust plans based on data and understandings about change.
- Increase intentionality in leadership practices.
- Enhance your understanding of the research and literature underpinning the Next Generation Science Standards and increase ability to support teachers' translation of research into the classroom.
- Deepen your understanding of three-dimensional, phenomena-focused learning, and the NGSS science and engineering practices.
- Analyze the use of Science and Engineering Practice 4, 6, and 7: Analyzing and Interpreting Data, Constructing Explanations, and Engaging in Argument from Evidence.
- Increase your ability to support teachers in modifying their current curriculum materials to support student development of Practice 4, 6, and 7: Analyzing and Interpreting Data, Construction Explanations, and Engaging in Argument from Evidence.
